

Carer Friendly Tick Award - Employers

How the Carer Friendly Tick Award quality standards came about

Caring Together operates a young carers awareness-raising project across Norfolk, known as Norfolk Young Carers Forum. More information can be found here about the Norfolk Young Carers Forum (NYCF) www.caringtogether.org/support/norfolk-young-carers-forum

From the very beginning, one of the aims of NYCF has been to work to improve awareness of, and support for young carers and young adult carers.

Based on feedback from young carers, the Forum members worked to write the **Carer Friendly Tick quality standards for Education**.

These five standards are drawn directly from the voices of young carers and have then been consulted on with workers and professionals. We would like to acknowledge the great work of the NYCF members in making these standards possible.

Following on from the success of this award, we are now extending it to other settings.

Whilst ensuring that the standards work for the business sector, they are based entirely on the core principles created by the young carers from NYCF.

The **Carer Friendly Tick Award – Employers** is intended to be simple to understand and implement - it takes only a few steps but makes a real difference for carers.

The **Carer Friendly Tick Award – Employers** is designed to provide organisations with an emphasis on local and relevant standards which carers feel are necessary to ensure they are easily identified and properly supported within employment. These standards can then be built on.

If your organisation would be interested in working towards the **Carer Friendly Tick for Employers**, please email carerfriendlytick@caringtogether.org with the subject title 'Carer Friendly Tick Award – Employers' or contact us on 01480 499090.

Carer Friendly Tick Award - Employers

Have a named member of staff as a lead for carers

Have a carers' statement to ensure carers know how to access support internally

Ensure managers have an understanding about carers responsibilities

Signpost to information and advice

Raise awareness in Carers Week and on Carers Rights Day

Once you meet the above standards, you will receive the
'Carer Friendly Tick Award – Employers'
